About us

Building with purpose. Growing with trust.

Nexus Group is a construction company which is independently owned and operated by family with ages of experience in building dream homes since 30 years, and have established in the business. Nexus, started by the seniors in the year 1996 on the grounds of quality, integrity & a vision to give our society a futuristic and well planned eco-friendly township. With 10 projects completed in Nashik. And 25+ in Pune.

30 Years

Of Trust & Construction Expertise

Three decades. One enduring legacy.

Since 1996, Nexus Group has grown with a simple belief: every space we build should stand for quality, integrity and trust. What began as a family-led construction journey has evolved into a growing legacy across Pune and Nashik.

Over the years, we have built not just homes and developments, but lasting relationships with the people who place their trust in us. From the first foundation to every detail that follows, our experience continues to shape the way we plan, design and build.

Three decades behind us.
future still taking shape.

VISION

That Shapes Tomorrow

At Nexus Group, we envision spaces where people, progress and nature grow together. Our vision is to create thoughtfully planned homes and communities that make everyday living better, while respecting the environment they are a part of.

We believe in bringing the human element into everything we build – from sustainable landscapes and eco-friendly design to spaces that are planned with purpose and built for the future.

As we continue to grow, we remain committed to pushing our own boundaries, building responsibly and creating spaces that enrich lives for generations to come.

Where People, Progress &
Nature Grow Together.

Principles 01

TRANSPARENCY

Clarity That Builds Confidence

At Nexus Group, we believe trust begins with transparency. From the first conversation to the final handover, we believe in keeping every process clear, every commitment honest and every detail accounted for.

With a straightforward approach to planning, communication and execution, we ensure that our customers have clarity at every step of their journey with us.

Because a home is one of life's biggest decisions, and confidence should never come with conditions.

What We
Promise,
We Keep
Clear.

Principles 02

INTEGRITY

Built on What
We Believe In.

For Nexus Group, integrity means doing the right thing – consistently, responsibly and with the same commitment behind every project.

For over three decades, we have believed that the strength of a home goes beyond its structure. It lies in the quality of what goes into it, the promises behind it and the relationships that continue long after possession.

Our commitment to quality, clear processes and responsible practices is what allows us to build with confidence – and earn it in return.

Principles 03

RESPONSIBILITY

Building Responsibly.
Preserving Naturally.

Every space we create becomes a part of the larger environment around it. That makes responsible development more than a choice — it is a responsibility we carry with every project.

At Nexus Group, we strive to bring this thinking into the way we plan and develop our spaces — with thoughtful design, eco-friendly practices, green landscapes and communities that are designed to remain relevant for generations.

Because building for the future also means being mindful of the world we leave behind.

Principles 04

PLANING

Every Landmark Begins With a Plan.

At Nexus Group, we believe good spaces begin long before the first brick is laid. They begin with thoughtful planning.

Our architects, engineers and expert teams bring together design, functionality, structure and sustainability to create spaces that are considered from every angle.

From the larger vision to the smallest detail, every decision is planned with purpose – because when every element works together, a space becomes more than a structure. It becomes a place to belong.

with
Purpose.

TRUST

Every Strong Foundation Begins With Faith.

At Nexus Group, trust is not simply a promise we make – it is something we earn, project after project, year after year.

For over three decades, we have built relationships on the belief that every commitment matters. From clear communication and thoughtful planning to quality construction and timely delivery, we strive to give our customers the confidence that their investment is in safe hands.

Because when people trust us with their homes, they are trusting us with a part of their future.

We build more than spaces.
We build confidence that lasts.
